**PROPOSED PLAN CHANGE 10 – SUBMISSION  
WHAKAPOUNGAKAU AGGREGATED LANDS**

We wish to be heard in support of this submission.

**1. Introduction – Submitter and Address for Service**

Whakapoungakau Aggregated Lands  
c/- Hera Naera, 32 Tarewa Road, Kuirau, Rotorua

**2. Background**

Whakapoungakau covers approximately 800ha in the Lake Rotorua catchment with over 5,000 beneficial owners. Currently, land utilization is under review.

**3. Issue:**

**Serious disadvantage to the future of Whakapoungakau lands and beneficial owners, unnecessarily.**

Examples:

LRP6 – Nutrient Discharge Allowances – This is too complex for the average owner to understand. We already have benchmarks and can demonstrate plans for nutrient reduction. Why did the wheel have to be reinvented?

Effective Area – The plan is proposed to regulate only effective areas however the lands are a whole system. Farming is one part of the system that is required to provide more than just an economic outcome ie cultural, environmental, social.

**4. Other Comments**

Whakapoungakau expresses general support for submissions by Federated Farmers and the Lake Rotorua Primary Producers Collective.
